The European Health Insurance Card: Citizens of the EU have the right to European Health Insurance Card – get one before coming to Croatia. The European Health Insurance Card (or EHIC) is issued free of charge and allows anyone who is insured by or covered by a statutory social security scheme of the EEA countries and Switzerland to receive medical treatment in another member state for free or at a reduced cost, if that treatment becomes necessary during their visit (for example, due to illness or an accident), or if they have a chronic pre-existing condition which requires care such as kidney dialysis. The term of validity of the card varies according to the issuing country. More info on www.nhs.uk/chq/Pages/1073.aspx. We also recommend taking additional health and travel insurance. If you need help with choosing one, please, let us or your sending organization know about it and we will help you with it. The people who don't have this card should get European insurance.
